

EHS CONFERENCE

SEMICON Europa 2001

25th April 2001 1300hrs – 1700 hrs

**SEMICONDUCTOR
SAFETY
ASSOCIATION
(EUROPE)**

Preparation for Incident Recovery in a Modern Wafer Fab.

This is a joint half day seminar run by SSA Europe and SEMICON. It will look at all aspects of major business interruption due to unforeseen circumstances and the practical approaches that can be adopted to minimise these aspects from a Safety, Environmental and Financial standpoint.

It is an ideal opportunity to benefit from experienced professionals in this field who have knowledge of a proactive approach to these issues in the Semiconductor Industry.

Who should attend:

EH & S Staff
Facilities Staff
Managers

Programme:

Bob Barnes, Robert Barnes Associates Inc
Safety and Recovery Specialists, Scottsdale, Arizona
Title: Basics of Successful Incident Recovery

Graham McGee, Regional Manager
